Handouts:

It worked so well the way that we handled handouts by e-mail at our last consortia that we will continue doing it that way. I will e-mail the handouts to your facilitator prior to the consortia and they will forward them to you via email. The handouts will also be available on the GIMC website at www.gimc.org the day before the consortia meeting. You will need to print your handouts and bring them with you to the meeting. If you need braille, large print, or electronic files for your handouts, please contact your facilitator at least 10 days in advance so they can let me know to do it.
